

Forza Soccer Academy Long-Term Participation Policy

At Forza Soccer Academy, our programming is carefully crafted to cultivate lasting engagement, nurturing the development of players from 5 to 18 years of age. To ensure sustained participation and growth, Forza Soccer Academy is committed to the following principles:

- a. Offering parents and applicable players a comprehensive overview of our long-term programming, delineating Forza's progressive developmental pathway aligned with the CSA Long-Term Player model.
- b. Providing consistent and constructive feedback on progress, fostering a clear understanding of each player's journey and achievements.
- c. Educating parents and coaches about the non-linear nature of learning and development, emphasizing that fluctuations in growth and performance are natural aspects of the process.
- d. Safeguarding players from overuse and injuries that could hinder their potential for extended playing careers, promoting their well-being and longevity in the sport.
- e. Encouraging graduating players to return to Forza as coaches and mentors, fostering a cycle of mentorship and giving back to the soccer community.

At Forza Soccer Academy, we are unwavering in our commitment to nurturing a culture of enduring engagement and growth for players, embracing their development and journey through the sport.
